Dear Director:

Mr. Hayder Saad Salih Alasadi is an asylum seeker whose is seeking a positive outcome for his application for resettlement in Canada.

As an asylum seeker, Mr. Alasadi should be protected from forcible return to a country where he faces threats to his life.

By acknowledging the support of Canadians and accepting his application, you will literally be saving his life.

Hayder has been a brave critic of extremism, despite the numerous threats to his life and that of his family. He merely seeks the freedom of conscience and expression that every human deserves. We ask that you please grant asylum for Hayder, so he and his wife can eventually relocate to Canada on humanitarian grounds. Because of the numerous threats against Hayder in Iraq, we believe his life depends on it.

Most Sincerely,
